

Walking Route

Wissett to
Spexhall
4 miles

Blyth Valley Churches

Parking in the Wissett Village Car Park
///booklets.emphasis.afternoon

Head to St Andrews church to begin your walk. On leaving turn left round the building heading for The Street passing the village hall entrance along the path. Turn right for a few hundred yards preparing to turn left at the Bonds Farm and produce sign. Cut through the hedge over the bridge to your left at the top initially keeping right then heading straight across the field to the gap in the hedge ahead. Then keep to the left, you will see a red brick and tile rectory on the skyline ahead and to the right to which you are heading. Proceed to the gap in the hedge bounding the lane. Turn right.

Just beyond the gate to Halleluiah Cottage is the entrance to the path across the field. Turn left on to it and head for the large gap in the treeline ahead. Keep left through the acre field, and follow the ditch that replaces the hedge in the next to a bridge. There is an initially steep and potentially slippery slope to the steadier climb to the garden of The Old Rectory.

Cross the field and enter St Peters churchyard through the rose bush lined orchard path beside the retting pond.

Turn right onto Grays Lane past Pear Tree Farm. Can you see a pear tree in their front garden? Turn left up the track to Bulhams, passing the house and continuing as the track surface changes from gravel to grass. At the junction of paths in the open fields, turn left. Ahead under a large Oak turn left and drop down onto the tree-lined path below the field edge. Follow this delightful route past paddocks with horses, sheep and goats to turn right onto Grays Lane. At the 'T' Junction at the bottom of the hill turn left to return to your car.

Turn left on leaving the church to turn left onto the lane past the village hall. Continue along Hall Lane down to the culvert over the brook, then up to a Footpath sign under a line of pylons. Turn a right-angle from the road heading just left of the telegraph pole in the middle of the field. As you cross the break in slope you'll see a waymark post and bridge. Cross the bridge into a wet woodland and go over another bridge. Keep to the right along this long and narrow waisted field until you emerge on Grays Lane at a track through a wood.
